

A sample policy, developed by Clinton, for consideration.

Business/Non-Instructional Operations

Virus Protection

It is the responsibility of the Information Technology (IT) Department to provide virus protection and to define procedures for the enforcement of this policy and accompanying regulation. It also is the responsibility of all users of any aspect of the East Hartford Public Schools, computer network to take measures to protect that network from virus infections and to inform the Director of Information Technology (DIT) of any real or suspected viruses.

Policy adopted:

(Reviewed and approved by Policy Audit Committee)

EAST HARTFORD PUBLIC SCHOOLS
East Hartford, Connecticut
