<b>Fall Reopening Model Description</b>																							
<ul style="list-style-type: none"> <li>LEAs should plan to have all students, in all districts, return to schoolhouses for full-time instruction at the beginning of 2020-2021, so long as public health data continues to support this model. This model will be supported with more intensive mitigation strategies and specific monitoring, containment and class cancellation plans. –In addition to full-time instruction plans as indicated above, LEAs must be prepared to modify their plans to support a partial reopening or to allow for scaling back at a future date if the public health data changes.</li> <li>Identify gaps and develop action plans for reopening that specifically address inclusion, equity, and access for all learners with strategies and clearly defined action steps.</li> </ul>	<p><i>Intended Plan: Students in School</i> EHPS will:</p> <ul style="list-style-type: none"> <li>Return all students PK-12 for full-time instruction on August 26, 2020, so long as public health data continues to support this model. Pending a change in health care guidance that impedes the full return of students to school, EHPS will enact a Reduced Enrollment A/B schedule to minimize numbers of students in school buildings on a given day and additionally limit class sizes to promote enhanced social distancing. This plan will identify students as “A Day Students” and “B Day Students” and consist of alternating A/B days. In this model, students will attend school every other day with work being sent home by instructors for “at home learning.” In this model, students will receive in-person instruction on the day they are in school and participate in asynchronous learning on the day they remain home.</li> </ul> <p>Reduced Enrollment Model (“Hybrid”) Weekly Schedule:</p> <table border="1" data-bbox="862 727 2564 837"> <thead> <tr> <th></th> <th>Monday</th> <th>Tuesday</th> <th>Wednesday</th> <th>Thursday</th> <th>Friday</th> </tr> </thead> <tbody> <tr> <td>Week 1</td> <td>A Students</td> <td>B Students</td> <td>A Students</td> <td>B Students</td> <td>A Students</td> </tr> <tr> <td>Week 2</td> <td>B Students</td> <td>A Students</td> <td>B Students</td> <td>A Students</td> <td>B Students</td> </tr> </tbody> </table> <p><i>Equity and Inclusion Focus:</i> EHPS will:</p> <ul style="list-style-type: none"> <li>Continue to identify inclusion and equity gaps and implement efforts to maximize opportunity, access and outcomes for all students. <b>Distance Learning Plan (Optional)</b>																							
<p>CSDE Requirements:</p> <ul style="list-style-type: none"> <li>Plan for parents and students who may temporarily choose not to participate in the return to school.</li> </ul>	<p>EHPS has developed a comprehensive <a href="#">Distance Learning Plan (DLP)</a> for all students whose parents/guardians have elected to keep their child at home (<a href="#">EHPS ReOpening Parent Survey</a>). Parents who select this option recognize that this decision will necessitate a one semester (January 26, 2021) commitment to this learning option based on district staffing obligations. At the appropriate time, EHPS will negotiate the contractual provisions for instructors of Distance Learning. In addition, the district has made significant investments into implementing a 1:1 technology program for Fall 2020. The content for the DLP will be developed by teachers assigned as DLP instructors and monitored by Department Supervisors/Elementary Principals. The DLP model will include a blend of synchronous and asynchronous learning with specific structures, times and routines for educators and students. Materials will be supplemented with the use of online software programs as well as resources from the CSDE’s <a href="#">K-12 Model Curriculum Hub</a> and <a href="#">Online Content Learning Hub</a>. EHPS is also exploring possible partnerships with neighboring Connecticut districts who may be offering courses that we are not through their DLP models.</p>																						

## School Liaison, Communications Plans, and Data Collection

## CSDE Requirements:

- Designate an employee to serve as a COVID-19 Health and Safety Compliance Liaison. This designated person will be responsible for engaging with students, parents, faculty, staff, and administrators to answer questions or concerns about health and safety requirements regarding COVID-19 concerns (e.g., School Nurse).
- Put systems in place to communicate the most up to date policies and protocols related to the considerations herein, for staff, students, and families.
- Make communications plans available in relevant languages of families in the community, as well as accessible to those with visual and/or hearing impairments.
- Ensure the development of plans for ongoing two-way communication with the school community (staff, families, and students) about any new policies and/or protocols *prior* to reopening, any time there is a significant policy change, and upon re-entry if a school closes temporarily during the year.
- Develop expectations around frequency of communication, and ensure detailed updates are provided any time critical information regarding policies, protocols, or health data changes.
- Put in place a plan for how the community will be notified of any changed policies, need to cancel classes, or other changes or restrictions.
- Make plans easily accessible, including but not limited to being visible on the main landing page of the LEA and school websites.
- Prioritize gathering information from families prior to reopening. Collect information from families to properly plan for resuming classes in the fall.

–This should align with the forthcoming CSDE District Reopen Survey

## EHPS will:

- Designated the District Nursing Supervisor, to serve as the District Level COVID-19 Health and Safety Compliance Liaison. The Nursing Supervisor is responsible for engaging with students, parents, faculty, staff, and administrators to answer questions or concerns about health and safety requirements regarding COVID-19 concerns.
  - The Liaison, will support the implementation of these requirements, as well as the implementation of other school health & safety measures relating to COVID-19 and any additional guidance provided by the State of Connecticut and the Town of EH Dept of Public Health.
- EHPS has developed a Communications Team to communicate the most up to date policies and protocols related to the considerations herein, for staff, students, and families.
- Continue to make communications plans available in relevant languages of families in the community, as well as accessible to those with visual and/or hearing impairments. This Communications Team will continue to maintain a focus on the following aspects:
  - Fostering two-way communication with the school community (staff, families, and students) about any new policies and/or protocols *prior* to reopening, any time there is a significant policy change, and upon re-entry if a school closes temporarily during the year.
  - Information Gathering: Assess the number of families who are choosing not to attend to properly plan for resuming classes in the fall
  - Maintaining expectations around frequency of communication and ensure detailed updates are provided any time critical information regarding policies, protocols, or health data changes.
  - Accessibility: including but not limited to being visible on the main landing page of the LEA and school websites.

## EHPS Schools will:

- Leverage the [School Nurse](#) as key team members for the district's COVID-19 Health and Safety Compliance Liaison. These staff members will be required to meet on a frequent basis with the District Coordinator to develop an aligned approach to health and safety needs.
- Develop a Communications Team with appropriate staff members (ex. Principal, School Psychologist/Social Worker, PE/Health Teacher, School Nurse) charged with delivering school and district messaging. See district standards for communication priorities.
- Fully utilize all district communication channels (Website, School Messenger, Social Media Outlets)
- Develop school re-entry/orientation programming for small cohorts to enter school prior to opening to give them time to understand the new policies and procedures as well as build consumer confidence in their return to school.

## Operations Plan

## Facilities

## CSDE Requirements:

- Maximize social distancing between student workstations, achieving 6 feet when feasible, when determining the classroom layout.
- Where necessary, assess other space that may be repurposed for instruction in the school, in municipal or other community space, or

## EHPS will:

- Require schools to set classroom spacing configurations that maximize social distancing between student workstations, achieving 6 feet when feasible, when determining the classroom layout. Based on survey of students/families returning, class sizes will be reduced to allow for enhanced social distancing.

## EHPS Schools will:

- Conduct an analysis of current classroom spacing configurations and space furniture as far apart as feasible.
- Remove non-essential furniture from classrooms to maximize floor space.

**EHPS Reopening Plan Documents (SY 2020-2021)****EHPS COVID-19 SCREENING PROTOCOLS**

**Self-Screening:** Students, staff and visitors are expected to self screen prior to attending/visiting school each day by checking to ensure that temperatures are below 100.4 degrees Fahrenheit and to observe for symptoms consistent with COVID-19 (Fever or chills, Cough, Shortness of breath or difficulty breathing, Fatigue, Muscle or body aches, Headache, New loss of taste or smell, Sore throat, Congestion or runny nose, Nausea or vomiting, Diarrhea). Students, staff and visitors are asked to remain home if they are feeling sick, have any symptoms associated with COVID-19, or have had close contact with a person diagnosed with COVID-19. Parents/Guardian's/Staff should contact the School Nurse and report the absence/reason for absence to the School Nurse.

**Entry/Daily Screening:** School staff will visually screen students, staff and visitors as they enter the school as well as throughout the day, consistent with the state and local health guidance. This screen will consist of vigilant observation, watching for signs of fever, cough or respiratory distress. Students, staff and visitors may be asked about COVID-19 symptoms within the last 72 hours and whether anyone in their home has had COVID-19 symptoms or a positive test. If a student, staff or visitor is observed to have the previously described symptoms, they must be directed to the School Nurse immediately. Please note that temperature checks for students, staff or visitors at the point of entry will not be included based on the high likelihood of potential false positive and false negative results.

**Enhanced Screening:** If a student, staff or visitor demonstrates COVID-19 symptoms, they will be directed to the School Nurse for enhanced screening. At this point, the School Nurse will conduct a temperature check using a touch method thermometer. Caution will be taken by the School Nurse including wearing gloves, eye protection, and a mask. Students, staff or visitors with a temperature greater than 100.4 degrees Fahrenheit will not be permitted in the school. At this point, staff and visitors will be sent home and students will be required to be admitted to the School Isolation Room to wait for a parent pick up.

**Monitoring/Recording Health Data:** For all enhanced screens conducted, the School Nurse will monitor and record screening information/data of students while complying with relevant health laws. The School Nurse will monitor symptoms in students and staff that could be related to COVID-19, with the goal of decreasing the risk of spreading or contracting the virus while complying with relevant health and privacy laws. Appropriate data should be communicated to the EHPS District Level COVID-19 Health and Safety Compliance Liaison.

**EHPS Reopening Plan Documents (SY 2020-2021)****EHPS COVID-19 RESPONSE FOR SYMPTOMATIC STUDENT, STAFF AND VISITOR PROTOCOLS**

1. Students, staff and visitors exhibiting COVID-19 symptoms (fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea) will be directed to report to the School Nurse for an Enhanced Screening process.
2. If the Enhanced Screening indicates a high probability of COVID-19 (ex. Temperature of over 100.4 Fahrenheit) students, will be directed to continue to wear a mask and wait in a supervised, Isolation Room through which others do not enter until the student can be transported home. If more than one student in the isolation area, physical social distancing will be maintained.  
  
If the Enhanced Screening indicates a high probability of COVID-19 (ex. Temperature of over 100.4 Fahrenheit), staff and visitors will be directed to leave the building immediately.
3. The School Nurse will have a plan for triaging students in the Health Office/Isolation Room, recognizing that not all symptoms are COVID-19 related. The School Nurse will advise parents of sick students that students are not to return until they have met CDC criteria to discontinue home isolation. Students with temperatures of over 100.4 Fahrenheit will be allowed to return 72 hours after a fever has broken, or with a note from their healthcare provider, or with a documented negative COVID-19 test. <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/steps-when-sick.html>
4. School Custodian will work with staff to determine spaces in the building that may have been directly impacted by the student, staff or visitor and immediately disinfect those areas.
5. There will be no COVID-19 testing of students at school. Local testing site information will be shared with families. The schools' nursing offices will monitor resting results of students once made available by parents/guardians, complying with relevant health and privacy laws.

**EHPS Reopening Plan Documents (SY 2020-2021)****EHPS RESPONSE TO A CONFIRMED COVID-19 CASE IN A SCHOOL PROTOCOL**

1. If a student, staff member, volunteer, or visitor who has been present in school with a confirmed diagnosis of COVID-19 or was present in school within 48 hours of first exhibiting COVID-19 symptoms leading to a positive diagnosis, the School Nurse and the Building Principal will contact the Superintendent of Schools and the EHPS District Level COVID-19 Health and Safety Compliance Liaison. This communication should be made while maintaining confidentiality in accordance with FERPA, privacy expectations.
2. EHPS District Level COVID-19 Health and Safety Compliance Liaison shall notify the East Hartford Department of Public (EHDPH) immediately assess the risk of further transmission in the school.
3. Decisions will be made concerning:
  - CONTACT TRACING
  - CLOSURE, CLEANING
  - CONTINUITY OF EDUCATION and/or REOPENING OF SCHOOL
4. The decision to suspend or close a school (or the entire school district) will be made by the Superintendent or designee based on information and recommendation from the EHDPH as well as the State Department of Education.
5. In the case of a confirmed case of COVID-19 at a particular school, it is likely that the district will implement a short-term closure (2-5 days) or longer regardless of community spread as recommended by the CDC. This initial short-term dismissal allows time for the district to work with EHDPH to gain a better understanding of the COVID-19 situation impacting the school and develop a response plan. In addition, this time allows for the district to evaluate to determine appropriate next steps, including whether an extended dismissal duration is needed to stop or slow further spread of COVID-19.
6. During closure, the school will be deep cleaned and fully disinfected in preparation for return to school.
7. In the case of a confirmed case of COVID-19 at a particular school, EHPS will notify school staff and parents regarding status of the illness while maintaining confidentiality in accordance with FERPA and privacy expectations.

**EHPS COVID-19 DELIVERY MODEL SELECTION PROTOCOL**

East Hartford Public Schools will reopen its school while monitoring the level of transmission of COVID-19 with the assistance of the State of Connecticut, the Town and the Department of Public Health. Ideally, the town of East Hartford will remain in the “green” level with little or no community transmission. School schedules and/or protocols may be adjusted, should the community enter a “yellow” level with minimal or moderate community transmission. If there is a substantial surge in local cases, the district or one or more schools will implement a Distance Learning Plan (DLP) model similar to that of the spring of 2020, based on guidance from the State of Connecticut and/or the Department of Public Health.
