Project Graduation is a program offered by many high schools in the United States, in which organized adult-supervised and ***substance-free*** activities are offered as part of a post-graduation party. Project Graduation is **NOT** a school sponsored event. Project Graduation depends completely on funds raised by generous donations from local businesses, parents and from the community's support of fundraising events. This year's Project Graduation attendance is expected to be bigger than ever, with over 200 participants.

The EHHS PTO is asking the community to make a commitment to support Project Graduation by playing in the tournament, making a donation or spreading the word. **We need golfers** to make this a success.

Congratulations Class of 2015!
