Time Needed:	15 minutes

Summary of Activity for the Advisor:

1. Choose someone to be the leader and stand in the middle of the room.
2. Have remaining players mingle in center area.
3. As the leader closes his/her eyes and counts to 10 out loud, players have 10 seconds to dash silently to a corner (talkers are out). At the count of 10, the leader points to a corner and then opens his/her eyes. Everyone standing in that corner is out and sits near the leader in the center.
4. Once the group still actively playing narrows to 3 or 4, each player must choose a separate corner. The last person left wins.
